

# TATA COMMUNICATIONS JAMVEE

A WORLD-CLASS ENTERPRISE-GRADE CLOUD PHONE SUITE TO MODERNISE YOUR WORKPLACE

Say hello to JAMVEE, Tata Communications' cloud phone system. JAMVEE provides a native desktop and mobile application dialer for voice calling, messaging, Cloud PBX, and global data roaming coverage. It is a perfect fit for fast-growing businesses.

### High-quality calling and messaging experience

World's leading Tier-1 Voice provider for PSTN and mobile coverage across the globe.

### Seamless global reach while roaming

Ensure efficient business calling whether your employee is roaming globally or on the home network.

### Support for hybrid workforce

Cloud PBX capability offers business continuity whether at home or in office.

### Integrate easily with 3<sup>rd</sup> party business applications

API-based platform allows any application to be quickly and seamlessly integrated with JAMVEE.

### Ensure security, compliance and privacy

Prevent fraud through our comprehensive AI-enabled Fraud-Prevention-as-a-Service (FPaaS). Calling data is available for regulatory and compliance needs. The phone number is owned by the enterprise.

### Reduced total cost of ownership

JAMVEE offers flexible voice and roaming plans for calling, messaging and Cloud PBX.

### Proven expertise

Leverage the 10+ years of experience of UCC and Employee Experience experts who have delivered to global clients across industries and achieved success in large-scale deployments.

### Administration through self-service portal

Manage your Cloud PBX and user access through a simplified portal.
